ABSTRACTS OF VARIOUS PAPERS

1. Aftermath of Markman – CAFC Decision Synopsis July 1998 to Present

This compilation of all of the published CAFC decisions after Markman is in spreadsheet form, highlighting the decision of the lower court and the manner in which the decision was reached (summary judgment, bench or jury trial), as well as the disposition in the CAFC (affirmed, reversed, modified or remanded). The tables illustrate the profound impact of Markman on district judges and the resulting high reversal rate (approximately 50%) in the CAFC. For copies, please contact the author, William M. Wesley (bwesley@mhmlaw.com).
